

CREATING JOBS AND ECONOMIC OPPORTUNITY

To: Potential Partner Employer,

“Do you need a part time teen summer intern for your business or organization?”

There is no cost to you!

Teens Like Me www.teenslikeme.org and early partners would like to invite you to join a collaborative service-learning initiative for teens.

While the economy is recovering, job loss impacts almost everyone, especially teenagers. Teens need support and assistance, now more than ever, to find employment, and to enhance their workforce skills.

Many teens don't know where to turn for such assistance, so they sit at home, ALL DAY LONG, during the summer, with the TV and video games! Some fall prey to risky behaviors, only because there is “nothing else to do”. **This is an enormous problem in many households.**

Happily, there is a partnership opportunity, with Teens Like Me, Inc., (TLM) where you and your organization can be a part of the solution, by becoming a mentor partner. TLM recognizes how positive impact, high-quality mentoring partnerships, can have on young people's academic achievement, self-esteem, social skills and career development.

Teens Like Me is a nonprofit organization, 501c3 status, whose objective is to empower, educate, and inspire teenagers to become engaged in giving back to their community.

We have a service-learning program that offer teens valuable work experiences through a **PAID** summer internship at charitable organizations. Our nonprofit partners/employers receive extra support, with no cost to them, in delivering needed services to our communities.

Teens gain **much** more than a summer paycheck. In this program, teens serve our local community and are encouraged to pursue excellence in school as well as expand their horizons, as they are introduced to numerous opportunities for personal development, including leadership and career skills.

Your partnership endorses the importance of mentorship, uphold the principles of volunteerism and can help us to make meaningful changes, a positive difference in a teenager's life.
